RE: Permit-By-Rule Authorization – Transfer of Ownership
Earth First C&D Recycling – LaVergne – SWP 75-1435

Dear Mr. Cline:

This letter will serve as official notice that this Division has received and approved your Permit-By-Rule notification for change of ownership for the referenced facility's operation, located in Rutherford County at 151 Bain Street, LaVergne, Tennessee (latitude 36°00.261' N/ longitude 86°35.377' W), for processing of construction and demolition waste. The new permittee of record will be Earth First C&D Recycling (LaVergne).

This facility shall be deemed to have a Permit-by-Rule, provided the criteria of Rule 1200-1-7-.02(1)(c)(1)(i) of Tennessee's Solid Waste Processing and Disposal Regulations are met, including the Permit-by-Rule Conditions as submitted by the previous owner. If your operation has changed from the previous operator's P&M Environmental, LLC permit-by-rule narrative description for meeting the above criteria, you will need to provide a new notification package, describing your current operation, to Division personnel at the Nashville Field Office. The registration number for this facility is SWP 75-1435. This number should be used on all reports and correspondence to the Department or Division regarding this facility.

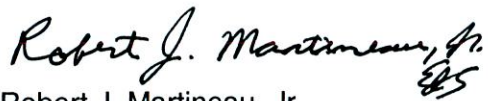

Financial Assurance is required for this facility. The amount of the financial assurance is based upon the estimated cost of contracting with a third party to clean up the maximum volume of solid waste onsite by transporting it to a disposal site and paying disposal costs, in the event the permittee cannot continue the operation. Please contact Robert Dickinson with the Financial Responsibility Group at (615) 532-0877 in order to determine the actual financial assurance amount required. It should be noted that the required amount may be adjusted in the event the maximum storage capacity changes.

In accordance with Tennessee Code Annotated (TCA) Section 68-211-116(a), please provide to the Commissioner an instrument that will satisfy the total closure cost upon receipt of this letter. The transfer of this permit will not be valid until this instrument is received.

Mr. Cline
